

GET CONNECTED

OneHealth New Jersey is the statewide, physician-led health information exchange delivered in partnership with the Medical Society of New Jersey.

This health information network allows connected physicians, hospitals and other providers to share patient information, employ powerful analytic tools designed to help improve clinical outcomes, reduce inefficiencies, and positively impact patient safety.

"With OneHealth, New Jersey physicians can access medical information about patients from any location. Timely communication and coordination between offices, hospitals, labs, pharmacies, and referring physicians improves efficiencies by eliminating duplicative tests and procedures."

Why OneHealth New Jersey?

OneHealth New Jersey is the physician-led health information exchange delivered in partnership with the Medical Society of New Jersey.

SECURE EXCHANGE OF PHI

Digital transfer of personal health information is secure.

MORE COMPLETE PATIENT RECORD

Helps improve patient encounters and health outcomes while avoiding duplication of labs and tests.

ANALYTICS

Provides participants access to secure analytic dashboard and report services to support improved outcomes, quality reporting, and reimbursements.

DIRECT MESSAGING

Secure messaging between physicians and between physicians and their patients.

TIMELY & EFFICIENT

Efficiencies of scale – information goes into the HIE once and is universally available to participating members of the health care team.

PATIENT ENGAGEMENT

Meets the requirement to provide patients an ONC-certified patient portal that offers 24/7 access to their longitudinal health record.
